Company information

Hello! My name is Konstantinos and I was born and raised in Kalampaka, having the privilege to admire the gigantic rocks of Meteora every morning, the moment I open my eyes. I used to be a professional basketball player for more than a decade, playing abroad, but, currently, along with my entrepreneurial activity, I work as a basketball coach in my hometown. I love being close to nature, taking part in all sorts of sports activities (nothing can beat cycling, or running under the rocks), as well as travelling around the country with my newly acquired motorcycle. I also enjoy reading (Osho really redefined the way I see the world). I'm also a great fan of cooking and trying new tastes. But, above all, I enjoy spending time with the people I love (my adorable 5-year-old son takes the lead) - the perfect chance to practice empathy -, hanging out with my friends, and travelling (Finland being my favorite destination so far). It was this love for traveling, combined with the deeply-rooted love for my hometown, that, over the last years, led me to become a Booking Host, and I'm more than glad that I've recently hosted thousands of travelers from all over the world in my properties.

Property information

UPDATE: - Due to special hygienic circumstances, prior to every new arrival, all the surfaces that guests touch are thoroughly cleaned and disinfected, in compliance with the government's and local authorities' guidelines, so as to safeguard the well-being and safety of our guests. Also, disinfectants and protective gloves are offered, free of charge. -The house is DETACHED, with a separate, PRIVATE entrance; NO CONTACT with hosts is required during check-in - KEY LOCKBOX available. - Superfast Wi-Fi Historic Luxury House in the Heart of Meteora is exactly what its name suggests: traditional on the outside and luxurious on the inside, it is located in the very heart of the picturesque old town of Kalampaka, one of the area's most historic and architecturally eclectic neighborhoods, where modern meets tradition, right under the giant holy rocks of Meteora that have been protecting the town for millions of years. Pull back the curtains after a long, tiring day of exploration and let the lights of Meteora flood into the house.

Neighbourhood information

- One of the most popular footpaths to Meteora, and more specifically to The Holy Trinity Monastery (Greek: Agia Triada), starts just a few steps away from the house. The Holy Trinity Monastery is one of the most photographed monuments in the area. Those who attempt to reach it, will be rewarded with the panoramic view of the surroundings which is simply captivating. This Monastery is very close to the Saint Stephen's Nunnery and is perched on a steep and magnificent rock. Visit this monastery for the adventurous ascent, the striking view and its peculiar architecture. Part of the Monastery was used as the setting for the final scenes of the James Bond film 'For Your Eyes Only'. - Make sure you visit the unique historic Byzantine Church of Dormition of the Mother of God, which you can reach in no more than 5 mins on foot. The Byzantine temple of Dormition of the Mother of God is the most important monument of Kalampaka - erected between the 10th and 11th century on the ruins of an early Christian royal.
