GROWTH

/grəʊθ/

Definition:

An increase in physical size and/or mindset. It is like the growth of a sapling into a mature tree.

"We are always growing and changing in many ways. Our experiences don't define who we are but open new doors to what we can be."

ONCE UPON A TIME, 6 ENTITIES WERE BORN INTO THE WORLD. AS THEY ENCOUNTER HARDSHIPS, THEY DEAL WITH IT IN THEIR OWN WAYS, BEFORE COMING TOGETHER TO BRAVE THE STORM AS A WHOLE.

THIS A TALE OF PERSEVERING THROUGH ADVERSITY. IT STARTS WITH A CAUTIONARY GREETING, WARNING YOU OF WHAT'S TO COME AHEAD AND GIVING YOU INVALUABLE ADVICE.

BUT, AS WITH ANY PERIOD OF TUMULT, THERE EVENTUALLY COMES A LOW POINT, WHERE YOU'RE MOST BATTERED AND BRUISED.

THE SILVER LINING HERE THOUGH IS THAT WITH ENOUGH STRENGTH, GRIT AND COURAGE, YOU'LL MAKE IT TO THE END AND SEE THE DAY THE STORM SUBSIDES.

SWEET CHAOS
