THROUGH THE HAZE..

EVERY MONTH WE FEATURE 3 PRODUCTS WE LOVE

In the spirit of sharing and learning more about Cannabis and all its enjoyable forms!

HAZY HILL FARM - Citrus Sap

(GG4 x Tangie)

A staple Sativa Hybrid in our lineup, Citrus Sap is for those Tangie Lovers

Taking most of it's nose and flavor from the aforementioned parent, Citrus Sap is a loud bright orange citrus flavor that gives you that buzzy head high associated with such terpene profiles

The addition of GG4 gives it some good glue undertones, and medicinal effects to balance the raciness of Tangie with good medicinal pain relief

Maine Trees - Lobster Drop

Blue Lobster, Pink Lobster, Blueberry Banana Lobster #2

Maine Trees hunted and made Blue Lobster a phenomenon, winning award from Zalyimpix in 2023 and being a finalist for Leaflys strain of the year in 2025

They have done a lot of breeding projects with Blue Lobster, including two we have in store alongside their parent: Pink Lobster & Blueberry Banana Lobster #2

Pink Lob brings that candy from the Runtz lineage and elevates that side of Lob, white BBL #2 is a more fruity blueberry forward with some creamy gas on the end
