This is just a slide to appreciate how hot you are.

And just a little bit of family...

Eisa's mind dump about you:

Kashish, I love you so so much and I really don't think you understand even the tiniest bit of how lucky and blessed I am to have someone like you in my life. You're the reason I smile in the morning and before I sleep too. I seriously think if I had to tell you how much I loved you it would take a book not just one slide. I think about you all the time and still can't wrap my head around the fact that I'm dating you because I've loved you for 2 years and every time I see you I just get flashbacks of heritage and talking to you and it makes me so happy. I just wish that I make you as happy as you make me forever

I seriously suck in expressing myself but you're all I think about. Idc about anyone or anything but you. You are so fucking special to me. I always wanna be with you. ALWAYS and I don't care whatever we're going through rn, we'll get through it. We both have waited for 2 years, I can't lose you at all. You make me feel loved, you make happy, you make me feel beautiful every single day. I love you so muchh ❤️
