INTRODUCTION

Welcome to Face Reality's Product Knowledge Training!

This training includes comprehensive details about each product including key ingredients, recommended use, a list of ingredients, and a description of which product is appropriate for different skin types, acne types and skin conditions.

CLEANSERS

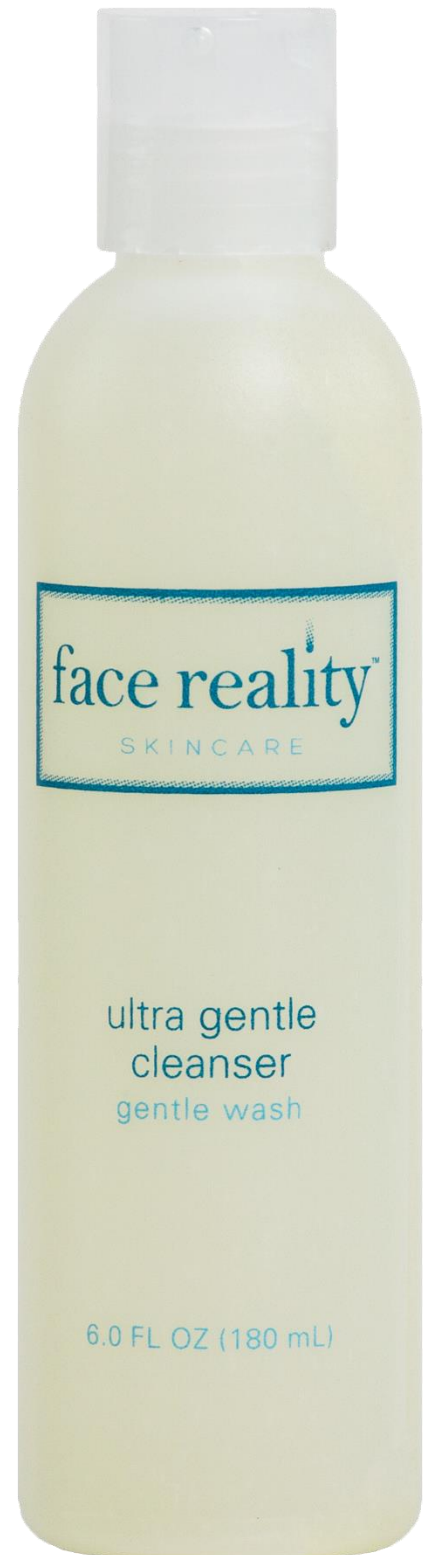

OVERVIEW: WASH/CLEANSERS

- **Cleansers are recommended for clients with inflamed or combination acne**
- **Consider the client's skin type when choosing the cleansing product to recommend for home care**
- **Choose a milder product for very young or very mature clients**
- **Rinse thoroughly by splashing the face with tepid water**
- **Use hands to apply the cleansing product and do not rub aggressively**
- **No wash cloths or cleansing brushes needed**

ULTRA GENTLE CLEANSER

A sulfate-free gel cleanser that has been formulated to include several ingredients found to be beneficial to acne prone skin.

- **Key Ingredients include:**
 - **Green Tea Extract:** Anti-inflammatory, antimicrobial, antioxidant, 5 alpha reductase inhibitor
 - **Licorice Extract:** Antioxidant, anti-inflammatory, 5 alpha reductase inhibitor
 - **Mushroom Extract:** Antioxidant, anti-inflammatory, 5 alpha reductase inhibitor
- **Recommended for skin prone to all types of acne, including acne rosacea, and can also be recommended to clients with skin that is not prone to acne**
- **Appropriate for all skin types including sensitive skin, dry skin or mature skin**
- **Available in 6 oz. size for retail sale and 16 oz. size for back bar use**

ULTRA GENTLE CLEANSER

Skin Types

All Skin Types
Sensitive Skin
Dry Skin
Mature Skin

Skin Conditions

All Acne Types
Acne Rosacea
Non Acne Skin

Recommended Use

Apply a small amount to damp skin and massage into a light foaming lather. Do not rub aggressively. Rinse with tepid water and pat dry.

Ingredients

Aqua (Water), Cocamidopropyl Betaine, Glycerin, Decyl Glucoside, Lauryl Glucoside, Xanthan Gum, Phenoxyethanol, Butylene Glycol, Fomes Officinalis (Mushroom) Extract, Citric Acid, Potassium Sorbate, Disodium EDTA, Hamamelis Virginiana (Witch Hazel) Water, Panthenol (D), Camellia Oleifera (Green Tea) Leaf Extract, Glycyrrhiza Glabra (Licorice) Root Extract, Ethylhexylglycerin, Alcohol

MANDELIC FACE AND BODY WASH

A sulfate-free gel cleanser that contains chirally correct L-Mandelic Acid and is used to cleanse and gently exfoliate the skin.

- **Key Ingredients include:**
 - **1% L-Mandelic Acid:** Alpha hydroxy acid that has anti-inflammatory, antibacterial, and anti-fungal properties, and improves the appearance of pigmentation
 - **Green Tea Extract:** Antioxidant, anti-inflammatory, antimicrobial, 5 alpha reductase inhibitor
 - **Gluconolactone:** Polyhydroxy acid that contains antioxidant and moisturizing properties
 - **Vitis Vinifera (Grape) Seed Extract:** Antioxidant that protects the skin from free radicals
- **Recommended for skin prone to inflamed acne, folliculitis, or hyperpigmentation**
- **Appropriate for normal or oily skin types**
- **Available in 6 oz. size for retail sale**

MANDELIC FACE AND BODY WASH

Skin Types

Normal Skin
Oily Skin

Skin Conditions

Inflamed Acne
Folliculitis
Hyperpigmentation
Back Acne

Recommended Use

Apply a small amount to damp skin and massage into a light foaming lather. Do not rub aggressively. Rinse with tepid water and pat dry.

Ingredients

Aqua (Water), Sodium C14-16 Olefin Sulfonate, Polyacrylate-1 Crosspolymer, Sodium Cocoamphoacetate, Propanediol, Hamamelis Virginiana (Witch Hazel) Water, Gluconolactone, Mandelic Acid (L), Cocamidopropyl, Hydroxysultaine, Glycerin, Sodium Benzoate, Alcohol, Honey (Mel), Camellia Oleifera (Green Tea) Leaf Extract, Vitis Vinifera (Grape) Seed Extract, Actinidia Deliciosa (Kiwi) Fruit Extract

ACNE FACE AND BODY WASH

A powerful cleanser containing 2.5% benzoyl peroxide that penetrates the pore where it fights acne-causing bacteria, helps unclog pores, and keeps them from clogging.

- **Key Ingredients include:**
 - **2.5% Benzoyl Peroxide:** Reduces *p. acnes* bacteria and aids in peeling the inside of the pore
 - **Glycerin:** Moisturizes and lubricates the skin
- **Recommended for skin prone to inflamed acne**
- **Appropriate for oily skin types**
- **Available in 6 oz. size for retail sale**

ACNE FACE AND BODY WASH

Skin Types

Oily Skin

Skin Conditions

Moderate and Severe Inflamed Acne
Back Acne

Recommended Use

Apply a small amount to damp skin and massage into a light foaming lather. Do not rub aggressively. Rinse with tepid water and pat dry.

Ingredients

Active ingredient: 2.5% BPO

Purified water, Ammonium Lauryl Sulfate, Glycerin, Disodium
Cocoamphodiacetate, Propylene Glycol, Carbomer, Sodium Hydroxide

OVERVIEW: SCRUBS

- **Scrubs are recommended for clients with noninflamed acne**
- **Consider the client's skin type when choosing the cleansing product to recommend for home care**
- **Choose a milder product for very young or very mature clients**
- **Use hands to apply the cleansing product and do not rub aggressively. No wash cloths or cleansing brushes needed.**
- **Rinse thoroughly by splashing the face with tepid water**

ANTIOXIDANT SCRUB

A sulfate-free gel cleanser that has been formulated to include several ingredients found to be beneficial to acne prone skin.

- **Key Ingredients include:**
 - **Green Tea:** Anti-inflammatory, antimicrobial, antioxidant, 5 alpha reductase inhibitor
 - **Licorice:** Antioxidant, anti-inflammatory, 5 alpha reductase inhibitor
 - **Mushroom:** Antioxidant, anti-inflammatory, 5 alpha reductase inhibitor
- **Natural cellulose beads gently exfoliate the skin allowing for improved penetration of active treatment products**
- **Recommended for skin prone to noninflamed acne and can also be recommended to clients with skin that is not prone to acne**
- **Appropriate for normal skin types and skin that is a 4 or higher of the Fitzpatrick scale**
- **Available in 6 oz. size for retail sale**

ANTIOXIDANT SCRUB

Skin Types

Normal Skin
Fitz 4+

Skin Conditions

Noninflamed Acne

Recommended Use

Apply a small amount to damp skin and massage into a light foaming lather. Do not rub aggressively. Rinse with tepid water and pat dry.

Ingredients

Aqua (Water), Cocamidopropyl Betaine, Cellulose Acetate, Glycerin, Decyl Glucoside, Lauryl Glucoside, Xanthan Gum, Phenoxyethanol, Butylene Glycol, Fomes Officinalis (Mushroom) Extract, Citric Acid, Disodium EDTA, Potassium Sorbate, Hamamelis Virginiana (Witch Hazel) Water, Glycyrrhiza Glabra (Licorice) Root Extract, Camellia Oleifera (Green Tea) Leaf Extract, Panthenol (D), Ethylhexylglycerin, Alcohol

MANDELIC FACE AND BODY SCRUB

A sulfate-free gel cleanser that contains chirally correct L-Mandelic Acid and is used to cleanse and gently exfoliate the skin.

- **Key Ingredients include:**
 - **1% L-Mandelic Acid:** Alpha hydroxy acid that has anti-inflammatory, antibacterial, and anti-fungal properties, improves the appearance of pigmentation
 - **Green Tea Extract:** Antioxidant, anti-inflammatory, antimicrobial, 5 alpha reductase inhibitor
 - **Gluconolactone:** Polyhydroxy acid that contains antioxidant and moisturizing properties
 - **Vitis Vinifera (Grape) Seed Extract:** Antioxidant that protects the skin from free radicals
- **Natural cellulose beads gently exfoliate the skin allowing for improved penetration of active treatment products**
- **Recommended for skin prone to noninflamed acne, folliculitis or hyperpigmentation**
- **Appropriate for normal or oily skin types**
- **Available in 6 oz. size for retail sale**

Recommended Use

Apply a small amount to damp skin and massage into a light foaming lather. Do not rub aggressively. Rinse with tepid water and pat dry.

Ingredients

Active ingredient: 2.5% BPO

Purified water, Ammonium Lauryl Sulfate, Glycerin, Cellulose Acetate, Disodium Cocoamphodiacetate, Propylene Glycol, Carbomer, Sodium Hydroxide, Fragrance

TONERS

OVERVIEW: TONERS

- **Consider the client's skin type when choosing the toner to recommend for home care**
- **Choose a milder product for very young or very mature clients**
- **Clients should use just enough toner to wet their skin but the skin doesn't need to be soaked**

SAL-C TONER

Sal-C Toner is exfoliating, anti-inflammatory, brightening and provides antioxidant support for the skin. This multi-functional toner contains L-Ascorbic acid, which is a highly effective, stabilized version of Vitamin C.

- **Key ingredients include:**
 - **Salicylic Acid:** An oil-soluble beta hydroxy acid with anti-inflammatory, antiseptic, and exfoliating properties
 - **White Willow Bark:** White Willow Bark is the natural form of salicylic acid and has natural preservative properties
 - **L-Ascorbic Acid (Vitamin C):** Antioxidant, provides protection from free radicals, brightening
 - **Beta Carotene (Pro-Vitamin A):** Antioxidant, protects against UV damage
 - **Niacinamide (Vitamin B3):** Anti-inflammatory properties, antioxidant, reduces sebum, improves epidermal barrier function, inhibits pigmentation, and increases hydration
 - **Panthenol (Pro-Vitamin B5):** Emollient, moisturizing, encourages skin healing
- **Recommended for skin prone to all types of acne and acne rosacea**
- **Appropriate for oily skin types**
- **Do not give to clients that are pregnant or nursing**
- **Use this toner in the back bar for disinfection after extractions**
- **Available in 6 oz. size for retail sale and 16 oz. size for back bar use**

SAL-C TONER

Skin Types

Normal Skin
Oily Skin

Skin Conditions

All Acne Types
Acne Rosacea

Recommended Use

Apply with a cotton round pad or a 2 x 2 gauze square pad over entire face. Let dry.

Ingredients

Aqua (Water), Alcohol Denat.*, Glycerin, Propylene Glycol, Polysorbate 20, Gluconolactone, Salicylic Acid (0.5%), Niacinamide, Benzyl Alcohol, Sodium Benzoate, Caprylhydroxamic Acid, Benzoic Acid, Salix Alba (Willow) Bark Extract (0.001%), Panthenol (D), Ascorbic Acid (L) (0.0001%), Beta-Carotene (D)

**organic ingredient*

CALMING FACIAL TONER

A gentle toner with soothing, hydrating, and moisturizing properties.

- **Key ingredients include:**
 - **Aloe Barbadensis Leaf Extract:** Contains moisturizing and skin soothing properties
 - **Rose Distillate:** Contains nourishing, hydrating, and moisturizing properties
 - **Glycerin:** Moisturizes the skin
- **Recommended for skin prone to all types of acne**
- **Appropriate for normal skin types or skin that is a 4 or higher on the Fitzpatrick scale**
- **Available in 6 oz. size for retail sale and 16 oz. size for back bar use**

CALMING FACIAL TONER

Skin Types

Normal Skin
Fitz 4+

Skin Conditions

All Acne Types

Recommended Use

Apply with a cotton round pad or a 2 x 2 gauze square pad over entire face. Let dry.

Ingredients

Aqua (Water), Rosa Damascena (Rose) Flower Water, Glycerin, Aloe Barbadensis Leaf Juice, Polysorbate 20, Gluconolactone, Benzyl Alcohol, Sodium Benzoate, Allantoin, Caprylhydroxamic Acid, Bisabolol (L-alpha), Globularia Alypum Leaf Extract

MOISTURE BALANCE TONER

A fragrance-free toner that offers intense moisturization and is a good choice for dry skin or skin that is dehydrated from using active products or dealing with harsh weather.

- **Key ingredients include:**
 - **Sodium Hyaluronate (L):** Moisturizes, attracts and holds water
 - **Sodium PCA:** Potent humectant that is hydrating and moisturizing
 - **Fructooligosaccharides:** Skin conditioner that helps retain moisture
 - **Glucosamine (D):** Improves moisture content, hydration, and strengthens tissue
- **Recommended for skin prone to all types of acne**
- **Appropriate for chronically dry or mature skin**
- **Available in 6 oz. size for retail sale**

MOISTURE BALANCE TONER

Skin Types

Dry/Dehydrated Skin
Mature Skin

Skin Conditions

All Acne Types

Recommended Use

Apply with a cotton round pad or a 2 x 2 gauze square pad over entire face. Let dry.

Ingredients

Hamamelis Virginiana (Witch Hazel) Water, Aqua (Water), Alcohol, Glycerin, Polysorbate 20, Leuconostoc/Radish Root Ferment Filtrate, Sodium Lactate, Sodium PCA, Sodium Gluconate, O-cymen-5-OL, Sorbitol, Proline (L), Fructooligosaccharides (D-beta), Glucosamine HCl (D), Gluconolactone, Sodium Hyaluronate (L), Sodium Benzoate, Phenethyl Alcohol, Caprylyl Glycol, Potassium Sorbate

GLYCOLIC-LACTIC TONER

This powerful alpha hydroxy acid toner helps with exfoliation as well as reducing sebum.

This an advanced home care product that should only be given to strengthen a routine that already contains the highest levels of both serum and Acne Med. Always test this toner on the skin for tolerance.

- **Key ingredients include:**
 - **5% Glycolic Acid:** Alpha hydroxy acid that exfoliates the skin and helps with the appearance of skin texture
 - **3% L-Lactic Acid:** Alpha hydroxy acid that exfoliates, hydrates and brightens
- **Recommended for skin prone to all types of acne**
- **Appropriate for non-sensitive and oily skin types**
- **Available in 6 oz. size for retail sale and 16 oz. size for back bar use**

GLYCOLIC-LACTIC TONER

Skin Types

Oily Skin

Skin Conditions

All Acne Types

Recommended Use

Apply with a cotton round pad or a 2 x 2 gauze square pad over entire face. Let dry.

Ingredients

Aqua (Water), Glycolic Acid, Lactic Acid (L), Propanediol, Alcohol Denat., Glycerin, Sodium Hydroxide, Leuconostoc/Radish Root Ferment Filtrate, Hamamelis Virginiana (Witch Hazel) Water, Caprylyl Glycol, Sodium PCA, Chamomilla Recutita (Matricaria) Flower Extract, Sodium Gluconate, Alcohol, Allantoin, Ascorbic Acid (L)

SERUMS

IMPORTANT

You MUST test your client's skin to determine which serum their skin can tolerate.

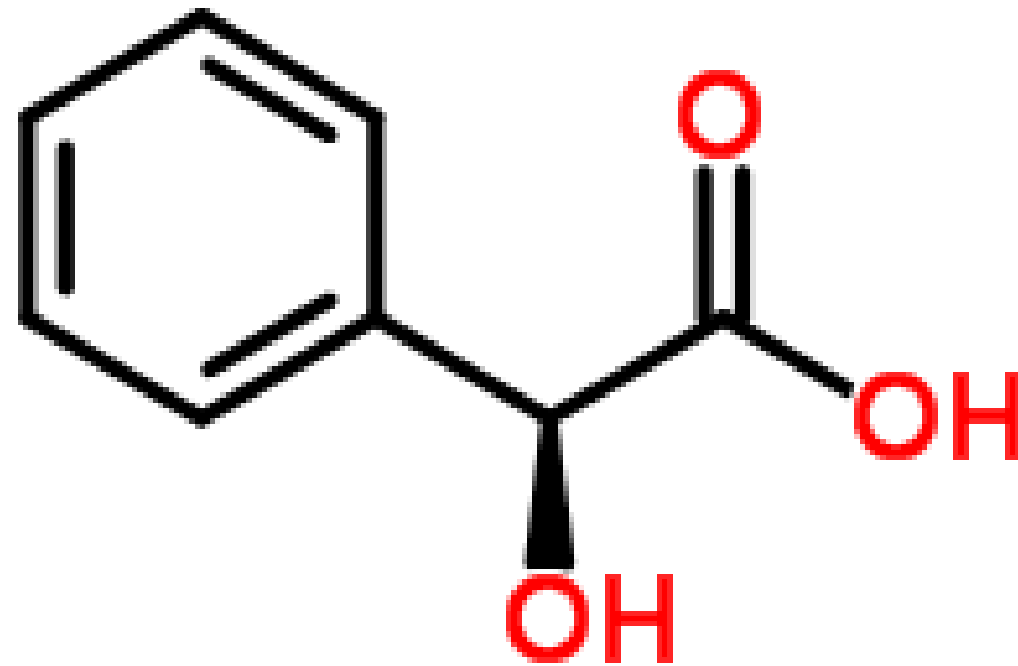

Start testing with Mandelic 8%. If they feel more than a 2 (on a scale of 1 to 10), test Mandelic 5% next.

If your client feels a 0 with Mandelic 8%, there is no need to test Mandelic 11% or 15%. We have found that even if they can tolerate the higher strengths (on the face), it is just too drying in the beginning.

See the Face Reality Home Care Guideline for detailed instructions on how to perform a Skin Sensitivity Test.

OVERVIEW: MANDELIC SERUMS

L-Mandelic acid has a larger molecular weight than other alpha hydroxy acids slowing down epidermal penetration resulting in a more even exfoliation with less irritation.

5% MANDELIC SERUM

An alpha hydroxy acid serum that contains the chirally correct versions of both L-Mandelic acid and L-Lactic acid.

- **Key ingredients include:**
 - **5% L-Mandelic Acid:** Alpha hydroxy acid that has anti-inflammatory, antibacterial, and anti-fungal properties, improves the appearance of pigmentation
 - **4% L-Lactic Acid:** Alpha hydroxy acid that is hydrating, exfoliating, and reduces pigmentation
 - **Niacinamide:** Antioxidant that supports moisture retention and improves the appearance of skin tone and texture
- **Recommended for skin prone to inflamed acne, noninflamed acne, fungal folliculitis, and hyperpigmentation**
- **Appropriate for all skin types when 8% Mandelic Serum cannot be tolerated during a skin sensitivity test**
- **Available in 1 oz. size for retail sale**

5% MANDELIC SERUM

Skin Types

All Skin Types

Skin Types

All Acne Types

Folliculitis

Hyperpigmentation

Recommended Use

Shake well. Skin should be clean and free of irritation before applying. Apply 1 pump all over the affected area.

Ingredients

Aqua (Water), Hamamelis Virginiana (Witch Hazel) Water, Mandelic Acid (L), Alcohol, Lactic Acid (L), Butylene Glycol, PPG-3 Benzyl Ether Myristate, Alcohol Denat., Niacinamide, Polyglyceryl-4 Caprate, Sodium Lactate, Xanthan Gum, Sodium PCA, Sodium Hyaluronate (L), Urea, Phenethyl Alcohol, Caprylyl Glycol, Potassium Sorbate

8% MANDELIC SERUM

An alpha hydroxy acid serum that contains the chirally correct versions of both L-Mandelic acid and L-Lactic acid.

- **Key ingredients include:**
 - **8% L-Mandelic Acid:** Alpha hydroxy acid that has anti-inflammatory, antibacterial, and anti-fungal properties, improves the appearance of pigmentation
 - **4% L-Lactic Acid:** Alpha hydroxy acid that is hydrating, exfoliating, and reduces pigmentation
 - **Niacinamide:** Antioxidant that supports moisture retention and improves the appearance of skin tone and texture
- **Recommended for skin prone to inflamed acne, noninflamed acne, fungal folliculitis, and hyperpigmentation**
- **Appropriate for all skin types. Choose 8% Mandelic Serum first for testing skin sensitivity**
- **Available in 1 oz. size for retail sale**

11% MANDELIC SERUM

An alpha hydroxy acid serum that contains the chirally correct versions of both L-Mandelic acid and L-Lactic acid.

- **Key ingredients include:**
 - **11% L-Mandelic Acid:** Alpha hydroxy acid that has anti-inflammatory, antibacterial, and anti-fungal properties, improves the appearance of pigmentation
 - **8% L-Lactic Acid:** Alpha hydroxy acid that is hydrating, exfoliating, and reduces pigmentation
 - **Niacinamide:** Antioxidant that supports moisture retention and improves the appearance of skin tone and texture
- **Recommended for skin prone to inflamed acne, noninflamed acne, fungal folliculitis, and hyperpigmentation**
- **Appropriate for use on the back or for oily skin that needs a boost up from 8% Mandelic Serum**
- **Available in 1 oz. size for retail sale**

Back Acne

Recommended Use

Shake well. Skin should be clean and free of irritation before applying. Apply 1 pump to the face, or 2 to 3 bumps to the back area.

Ingredients

Aqua (Water), Hamamelis Virginiana (Witch Hazel) Water, Mandelic Acid (L), Alcohol, Lactic Acid (L), Butylene Glycol, PPG-3 Benzyl Ether Myristate, Alcohol Denat., Niacinamide, Polyglyceryl-4 Caprate, Sodium Lactate, Xanthan Gum, Sodium PCA, Sodium Hyaluronate (L), Urea, Phenethyl Alcohol, Caprylyl Glycol, Potassium Sorbate

OVERVIEW: SALICYLIC SERUM

Salicylic Acid is an oil-soluble beta hydroxy acid and is recommended for skin that is prone to inflamed acne but cannot tolerate Mandelic Serum.

Salicylic Serum is the first choice for clients with Acne Rosacea. If they cannot tolerate Salicylic serum during the sensitivity test, test either Mandelic 8% or 5%.

Salicylic Serum should not be used by clients that are pregnant or nursing.

SALICYLIC SERUM

A potent serum that contains salicylic acid, L-lactic acid, and Azelagicina® to create a dynamic solution for acne-prone skin. It is exfoliating and brightening. Because salicylic acid is oil soluble, it can penetrate the pore where it helps dissolve the cellular glue to prevent dead skin build up.

- **Key ingredients include:**
 - **Salicylic Acid:** An oil-soluble beta hydroxy acid with anti-inflammatory, antiseptic, and exfoliating properties
 - **L-Lactic Acid:** An alpha hydroxy acid that exfoliates, hydrates, and brightens
 - **2% Azelagicina®:** An azelaic acid derivative that is hydrating, firming, and has skin brightening properties
- **Recommended for skin prone to acne rosacea or inflamed acne when neither 8% or 5% Mandelic serum can be tolerated during a skin sensitivity test**
- **Appropriate for all skin types**
- **Do not give to clients that are pregnant or nursing**
- **Available in 1 oz. size for retail sale**

SALICYLIC SERUM

Skin Types

All Skin Types

Skin Conditions

Acne Rosacea

Recommended Use

Shake well. Skin should be clean and free of irritation before applying. Apply 1 pump all over the affected area.

Ingredients

Aqua (Water), Alcohol Denat., Butylene Glycol, Lactic Acid (L), Potassium Azeloyl Diglycinate, Salicylic Acid, Sodium Hydroxide, Dimethyl Isosorbide, Phenoxyethanol, Hydroxyethylcellulose, Sodium Gluconate, Xanthan Gum, O-cymen-5-OL, Ethylhexylglycerin

OVERVIEW: GLYCOLIC SERUMS

Glycolic Acid has a smallest molecular weight of all the alpha hydroxy acids and penetrates the pore more quickly than other AHAs. This allows other active products to penetrate more easily.

Glycolic Acid serums are recommended for clients with skin that is prone to moderate or severe noninflamed acne but cannot tolerate a Mandelic Serum.

5% GLYCOLIC SERUM

An alpha hydroxy acid serum that exfoliates the skin and helps improve the appearance of skin tone and texture.

- **Key ingredients include:**
 - **5% Glycolic Acid:** Alpha hydroxy acid that aids in skin exfoliation
 - **Glycerin:** Moisturizes the skin
 - **Senestem™:** Plantago Lanceolata Leaf Extract offers:
 - Improved skin firmness and elasticity
 - Increased skin density and smoothness
 - Limits melanin overproduction to prevent and reduce hyperpigmentation and increase skin brightness
- **Recommended for skin prone to noninflamed acne when neither 8% or 5% Mandelic serum can be tolerated during a skin sensitivity test**
- **Appropriate for all skin types**
- **Available in 1 oz. size for retail sale**

5% GLYCOLIC SERUM

Skin Types

All Skin Types

Skin Conditions

Noninflamed Acne

Recommended Use

Shake well. Skin should be clean and free of irritation before applying. Apply 1 pump all over the affected area.

Ingredients

10% GLYCOLIC SERUM

An alpha hydroxy acid serum that combines powerful ingredients that exfoliates the skin and helps improve the appearance of skin tone and texture.

- **Key ingredients include:**
 - **10% Glycolic Acid:** Alpha hydroxy acid that aids in skin exfoliation
 - **Glycerin:** Moisturizes the skin
 - **Senestem™:** Plantago Lanceolata Leaf Extract offers:
 - Improved skin firmness and elasticity
 - Increased skin density and smoothness
 - Limits melanin overproduction to prevent and reduce hyperpigmentation and increase skin brightness
- **Recommended for skin prone to noninflamed acne when neither 8% or as a boost up from 5% Glycolic serum.**
- **Appropriate for normal and oily skin types**
- **Available in 1 oz. size for retail sale**

OVERVIEW: VITAMIN A SERUMS

Vitamin A Serums are recommended for clients with skin that is prone to noninflamed acne, hyperpigmentation, fine lines, and wrinkles.

They are also an excellent choice for non-acne clients that need skin rejuvenation.

Do not give to clients that are pregnant or nursing.

TIP: GLYCOLIC + VITAMIN A

TIP FOR RESISTANT, SEVERE NONINFLAMED ACNE AND MATURATION ARREST ACNE

If your client has been on Vitamin A Corrective Serum at least once a day for at least a month, and they need a boost in their home care, consider layering the Vitamin A serum over the top of a Glycolic serum. Always test the Glycolic serums to see which one their skin will tolerate.

The client should wait a few minutes between the layer of Glycolic and the Vitamin A (and of course, they need to wait 15 minutes before the Acne Med). We recommend starting this during their evening routine and working up to twice a day if needed.

VITAMIN A CORRECTIVE SERUM

This high-performance Retinal serum contains microencapsulated Retinaldehyde, the least irritating form of Vitamin A.

- **Key ingredients include:**
 - **.1% Retinaldehyde (Retinal):** The first patented, stabilized microencapsulated version of Retinaldehyde
 - **Abermat:** Absorbs excess sebum
 - **Endothelyol:** Adds anti-inflammatory properties
 - **Pacifeel:** Alleviates skin discomfort and can reduce redness
- **Recommended for skin prone noninflamed acne, hyperpigmentation, fine lines, and wrinkles**
- **Appropriate for all skin types**
- **Do not give to clients that are pregnant or nursing**
- **Available in 1 oz. size for retail sale**

VITAMIN A CORRECTIVE SERUM

Skin Types

All Skin Types

Skin Conditions

Noninflamed Acne
Hyperpigmentation
Fine lines and wrinkles

Recommended Use

Shake well. Skin should be clean and free of irritation before applying. Apply 1 pump all over the affected area.

Ingredients

Aqua (Water), Glycerin, Cyclodextrin, Phenoxyethanol, Caprylic/Capric Triglyceride, Niacinamide, Butylene Glycol, Glycolic Acid, Sclerotium Gum, Xanthan Gum, Propanediol, Sodium Hydroxide, Rubus Chamaemorus (Cloud Berry) Seed Oil, Potassium Sorbate, Ethylhexylglycerin, Retinal (Retinaldehyde), Pentylene Glycol, Tetrasodium EDTA, Lonicera Japonica (Honeysuckle) Flower Extract, Mirabilis Jalapa Flower/Leaf/Stem Extract, Lonicera Caprifolium (Honeysuckle) Flower Extract, Rosmarinyl Glucoside, Caffeyl Glucoside, Gallyl Glucoside, Saccharide Isomerate

VITAMIN A CORRECTIVE II SERUM

This exfoliating serum uses microencapsulated technology which delivers a high potency Retinol (0.5%) over time via controlled release. This enhances efficacy and minimizes irritation. It also contains 3 peptides that contain skin-rejuvenating properties.

Key ingredients include:

- **Cavamax®**: encapsulated retinol that is less irritating, increases collagen & reduces lines and wrinkles
 - **Matrixyl® Synthe'6™**: a peptide that has wound repairing and collagen remodeling properties
 - **Neodermyl®**: a collagen & elastin boosting peptide that visibly reduces wrinkles
 - **Matrixyl® Morphomics™**: a peptide that stimulates collagen production, shows visible reduction of vertical lines, frown lines, Marionette lines, and crow's feet
- **Recommended for skin prone noninflamed acne, hyperpigmentation, fine lines, and wrinkles**
 - **Appropriate for normal and oily skin types and for skin that needs a boost up from Vitamin A Corrective Serum. It can be drying so start slowly.**
 - **Do not give to clients that are pregnant or nursing.**
 - **Available in 1 oz. size for retail sale.**

Fine lines and wrinkles

Recommended Use

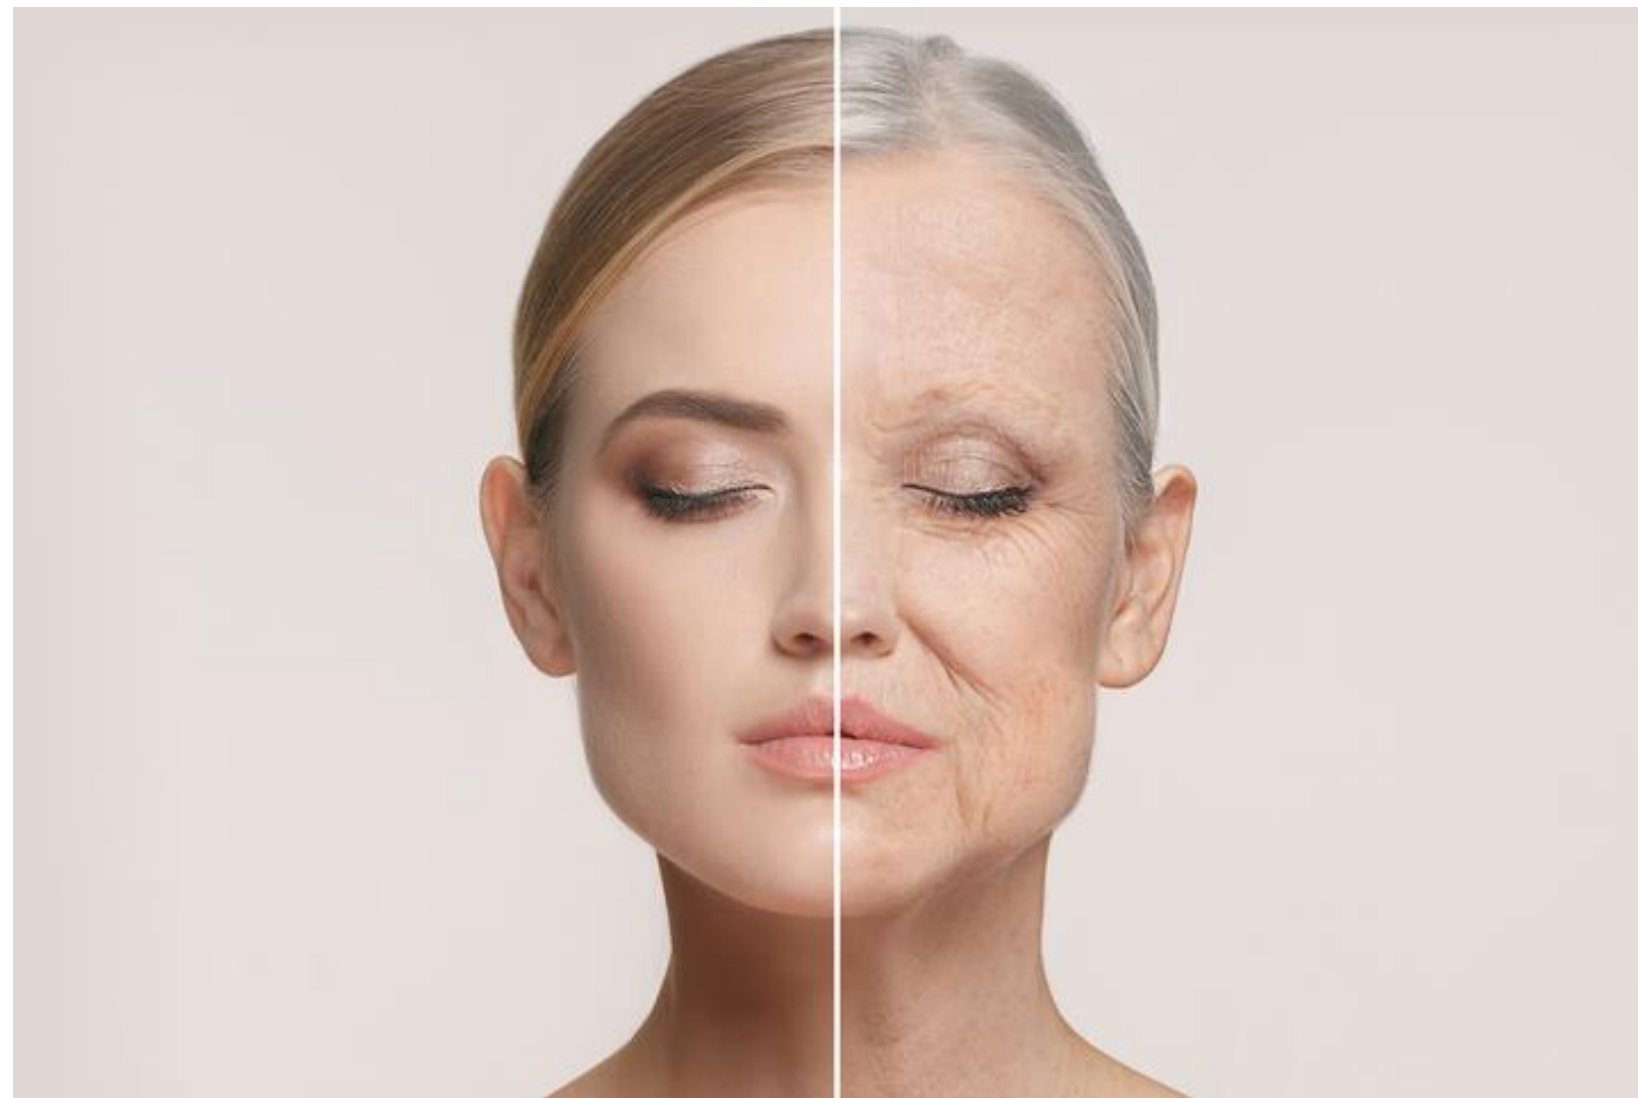

Shake well. Skin should be clean and free of irritation before applying. Apply 1 pump all over the affected area.

Ingredients

Aqua (Water), Caprylic/Capric Triglyceride, Glycerin, Dimethyl Isosorbide, Ammonium Acryloyldimethyltaurate/VP Copolymer, Tapioca Starch, Phenoxyethanol, Retinol (.55%), Polysorbate 20, Sodium Stearoyl Glutamate, Cyclodextrin, Sodium Gluconate, O-cymen-5-OL, Ethylhexylglycerin, Pentylene Glycol, Methylglucoside Phosphate, Copper Lysinate/Prolinate, Hydroxypropyl Cyclodextrin, Palmitoyl Tripeptide-38, Caprylyl Glycol, N-Prolyl Palmitoyl Tripeptide-56 Acetate

OVERVIEW: OTHER SERUMS

The following serum(s) are safe for acne-prone skin and are also great for any clients looking to address anti-aging skin conditions.

ANTIOXIDANT PEPTIDE FACE SERUM

A potent blend of antioxidants and peptides that work together to improve the overall health of the skin. This anti-aging formula boosts collagen and elastin production to help visibly reduce the appearance of fine lines and wrinkles.

- **Key ingredients include:**
 - **Phenyl t-Butylnitron (Spin Trap):** an intelligent antioxidant with anti-inflammatory properties
 - **Matrixyl® Synthe'6™:** a peptide that has wound repairing and collagen remodeling properties
 - **Metabiotics™ Resveratrol (Pichia/Resveratrol Ferment Extract):** anti-inflammatory, microlifting, promotes dermal-epidermal junction integrity
 - **Neodermyl®:** a collagen & elastin boosting peptide that visibly reduces wrinkles
- **Recommended for all skin types**
- **A great choice for clients looking for an anti-aging serum**
- **Available in 1 oz. size for retail sale**

ANTIOXIDANT PEPTIDE FACE SERUM

All Skin Types

Skin Types

All Acne Types
Aging Skin

Recommended Use

Shake well. Skin should be clean and free of irritation before applying. Apply 1 pump all over the affected area.

Ingredients

Aqua (Water), Glycerin, Caprylic/Capric Triglyceride, Phenoxyethanol, Sclerotium Gum, Xanthan Gum, Polyglyceryl-4 Caprate, Benzyl Alcohol, Sodium Gluconate, Caprylhydroxamic Acid, Ethylhexylglycerin, Acetyl Tributyl Citrate, Methylglucoside Phosphate, Copper Lysinate/Prolinate, Hydroxypropyl Cyclodextrin, Pichia/Resveratrol Ferment Extract, Palmitoyl Tripeptide-38, Phenyl t-Butylnitronone (Spin Trap)

ACNE MED AND SULFUR PRODUCTS

OVERVIEW: ACNE MED PRODUCTS

Acne Med (benzoyl peroxide) must be used every day in order to prevent new acne from forming.

Do not use any oil-based moisturizer like Clearderma or Cran-Peptide Cream on top of Acne Med, it will keep it from working correctly.

Acne Med will bleach! Use white sheets and towels and wash hands thoroughly with soap and water after applying.

ACNE MED 2.5%

This water-based benzoyl peroxide gel penetrates the pore where it fights acne-causing bacteria, helps unclog pores and keeps them from clogging.

- **Key ingredients include:**
 - **2.5% Benzoyl Peroxide:** Reduces *p. acnes* bacteria and aids in peeling the inside of the pore
 - **Glycerin:** Moisturizes and lubricates the skin
- **Recommended for skin prone inflamed acne, noninflamed, and acne rosacea**
- **Appropriate for dry skin, mature skin, and skin that is a 4 or higher on the Fitzpatrick scale**
- **Available in 1.5 oz size for retail sale.**

ACNE MED 2.5%

Noninflamed Acne
Acne Rosacea

Recommended Use

Apply a thin layer over the affected area. Let dry.

Ingredients

Active Ingredient: Benzoyl Peroxide 2.5%

Inactive Ingredients: Purified Water, Glycerin, Propylene Glycol, Carbomer, Sodium Hydroxide

ACNE MED 5%

This water-based benzoyl peroxide gel penetrates the pore where it fights acne-causing bacteria, helps unclog pores and keeps them from clogging.

- **Key ingredients include:**
 - **5% Benzoyl Peroxide:** Reduces *p. acnes* bacteria and aids in peeling the inside of the pore
 - **Glycerin:** Moisturizes and lubricates the skin
- **Recommended for skin prone inflamed acne and noninflamed acne**
- **Appropriate normal and oily skin types**

ACNE MED 5%

Skin Types

Normal Skin
Oily Skin

Skin Conditions

Inflamed Acne
Noninflamed Acne

Recommended Use

Apply a thin layer over the affected area. Let dry.

Ingredients

Active Ingredient: Benzoyl Peroxide 5%

Inactive Ingredients: Purified Water, Glycerin, Propylene Glycol, Carbomer, Sodium Hydroxide

ACNE MED 10%

This water-based benzoyl peroxide gel penetrates the pore where it fights acne-causing bacteria, helps unclog pores and keeps them from clogging.

- **Key ingredients include:**
 - **10% Benzoyl Peroxide:** Reduces *p. acnes* bacteria and aids in peeling the inside of the pore
 - **Glycerin:** Moisturizes and lubricates the skin
- **Recommended for skin prone inflamed acne, noninflamed, and back acne**
- **Appropriate for oily skin types and when the skin needs a boost up from Acne Med 5%**

ACNE MED 10%

Skin Types

Oily Skin

Skin Conditions

Inflamed Acne

Noninflamed Acne

Back Acne

Recommended Use

Apply a thin layer over the affected area. Let dry.

Ingredients

Active Ingredient: Benzoyl Peroxide 10%

Inactive Ingredients: Purified Water, Glycerin, Propylene Glycol, Carbomer, Sodium Hydroxide

SULFUR SPOT TREATMENT

A powerful combination of 6% sulfur and a cutting-edge peptide that calms and soothes irritated skin. It is used as a spot treatment for inflamed acne breakouts.

- **Key ingredients include:**
 - **6% Sulfur:** Antibacterial and reduces inflammation
 - **Neutrazen™:** Peptide that reduces inflammation, calms and soothe irritated skin, helps to restore and maintain a normal skin sensitivity threshold
- **Recommended for skin prone inflamed acne**
- **Appropriate all skin types**
- **Clients with very oily skin can use all over the area when the skin needs a boost up from Acne Med 10%**
- **Should not be used by anyone who is allergic to sulfur**
- **Available in 1.5 oz. size for retail sale and 4 oz. size for back bar use**

SULFUR SPOT TREATMENT

Skin Types

All Skin Types as a spot treatment

Skin Conditions

Inflamed Acne

Recommended Use

Apply as a spot treatment on inflamed pustules after applying regular acne med. Let dry.

Ingredients

Active Ingredient: 6% Sulfur

Aqua (Water), Butylene Glycol, Acacia Senegal Gum, Carbomer, Phenoxyethanol, Bisabolol (L-alpha), Allantoin, Benzyl Alcohol, Glycerin, Caprylhydroxamic Acid, Dextran, Sodium Hydroxide, Ethylhexylglycerin, Palmitoyl Tripeptide-8

MOISTURIZERS

OVERVIEW: MOISTURIZERS

Clients should not use an oil-based moisturizer (Clearderma or Cran-Peptide Cream) at the same time that they are using Acne Med, as the oil will keep the Acne Med from being absorbed and it will not work correctly.

If a client is only wearing Acne Med at night, they can use an oil-based moisturizer in the morning before apply their sunscreen for extra moisturization.

CRAN-PEPTIDE CREAM

Cran-Peptide Cream is an ultra-soothing moisturizer containing a powerful blend of peptides and antioxidants for anti-aging benefits. It can be used by clients who are acclimating to benzoyl peroxide to prevent skin from becoming too dry.

- **Key ingredients include:**
 - **Dermasyr™ (Syringa Vulgaris Lilac Leaf Stem Cell Culture Extract):** Regulates sebum, antifungal, anti-inflammatory, antioxidant, 5-alpha reductase inhibitor, tyrosinase inhibitor
 - **Matrixyl® Synthe'6™:** a peptide that has wound repairing and collagen remodeling properties
 - **Neodermyl®:** a collagen & elastin boosting peptide that visibly reduces wrinkles
 - **Totarol:** Antibacterial, antioxidant, anti-inflammatory
 - **Cranberry Fruit Extract:** Antibacterial, purifying, potent antioxidant, nourishing
- **Recommended for skin prone to all types of acne, and can also be recommended to clients with skin that is not prone to acne**
- **It should not be worn in combination with Acne Med because it will prevent the Acne Med from penetrating the pore and working correctly.**
- **Appropriate for all skin types, especially aging, dry and dehydrated.**
- **Available in 2 oz. size for retail sale and 4 oz. size for back bar use**

CRAN-PEPTIDE CREAM

Non Acne Types

Recommended Use

Apply all over face and neck, avoiding eye area.

Ingredients

Aqua (Water), Caprylic/Capric Triglyceride, Coco-Caprylate/Caprates, Cetyl Alcohol, Glycerin, Stearyl Alcohol, Cetearyl Olivates, Alcohol Denat., Sorbitan Olivates, Phenoxyethanol, Xanthan Gum, Caprylyl Glycol, Tocopheryl Acetate (D-alpha), Aloe Barbadensis Leaf Juice Powder*, Totarol, Ethylhexylglycerin, Eclipta Prostrata Extract, Melia Azadirachta (Neem) Leaf Extract, Methylglucoside Phosphate, Copper Lysinate/Prolinate, Hydroxypropyl Cyclodextrin, Moringa Oleifera Seed Extract, Vaccinium Macrocarpon (Cranberry) Fruit Extract, Palmitoyl Tripeptide-38, Maltodextrin, Syringa Vulgaris (Lilac) Leaf Cell Culture Extract, Hamamelis Virginiana (Witch Hazel) Extract, Butylene Glycol

CLEARDERMA

A soothing moisturizer that is used by clients who are acclimating to benzoyl peroxide to prevent skin from becoming too dry.

- **Key ingredients include:**
 - **Syringa Vulgaris (Lilac Stem Cells):** Regulates sebum, antifungal, anti-inflammatory, antioxidant, 5-alpha reductase inhibitor, tyrosinase inhibitor
 - **Totarol:** Antibacterial, antioxidant, anti-inflammatory
 - **Green Tea:** Anti-inflammatory, antimicrobial, antioxidant, 5 alpha reductase inhibitor
 - **Cranberry Fruit Extract:** Antibacterial, purifying, potent antioxidant, nourishing
 - **Allantoin:** Soothing, anti-irritant, moisturizing, keratolytic, wound healing
- **Recommended for skin prone to all types of acne, and can also be recommended to clients with skin that is not prone to acne**
- **It should not be worn in combination with Acne Med because it will prevent the Acne Med from penetrating the pore and working correctly.**
- **Appropriate for all skin types**
- **Available in 2 oz. size for retail sale**

CLEARDERMA

Skin Types

All Skin Types

Skin Conditions

All Acne Types

Recommended Use

Apply all over face and neck, avoiding eye area.

Ingredients

Aqua (Water), Caprylic/Capric Triglyceride, Coco-Caprylate/Caprates, Glyceryl Stearate, Glycerin, Tapioca Starch, Cetyl Alcohol, Cetearyl Olivates, Stearyl Alcohol, Niacinamide, Carthamus Tinctorius (Safflower) Seed Oil*, Phenoxyethanol, Alcohol Denat., Sorbitan Olivates, Stearic Acid, Cetearyl Alcohol, Carbomer, Polysorbate 20, Polysorbate 60, Citric Acid, Ethylhexylglycerin, Potassium Sorbate, Bisabolol (L-alpha), Allantoin, Maltodextrin, Hamamelis Virginiana (Witch Hazel) Water, Sodium Hydroxide, Fructooligosaccharides (D-beta), Citrus Nobilis (Mandarin Orange) Peel Oil, Camellia Oleifera (Green Tea) Leaf Extract, Chamomilla Recutita (Matricaria) Flower Extract, Alcohol, Syringa Vulgaris (Lilac) Leaf Cell Culture Extract, Totarol, Glycyrrhiza Inflata Root Extract, Citrus Aurantium Dulcis (Orange) Peel Oil*, Vaccinium Macrocarpon (Cranberry) Fruit Extract

HYDRATORS

OVERVIEW: HYDRATOR

Clients can use a water-based hydrator (Hydrabalance) under Acne Med to keep the skin from becoming dehydrated. Hydrators need another product to be applied on top to seal the hydration in.

If a client is consistently dehydrated from their active products, they can use Hydrabalance as a “Hydrastack” with their exfoliating serum to add extra hydration. They would apply the Hydrabalance both before and after their exfoliating serum to create the sandwich.

HYDRABALANCE

A water-based hydrating gel with antioxidant properties. It also helps to reduce the appearance of oily shine. This hydrating gel can be used under Clearderma or sunscreen during the day and, because it is water-based, Hydrabalance can be safely used under Acne Med.

- **Key ingredients include:**
 - **Syringa Vulgaris (Lilac Stem Cells):** Regulates sebum, antifungal, anti-inflammatory, antioxidant, 5-alpha reductase inhibitor, tyrosinase inhibitor
 - **Sodium Hyaluronate:** Prevents trans-epidermal water loss
 - **Totarol:** Antibacterial, antioxidant, anti-inflammatory
 - **Phenyl-N-Butyl Nitron (Spin Trap):** An intelligent antioxidant that traps free radicals
- **Recommended for skin prone to all types of acne, and is also a great hydrator to recommend to your clients that are not acne prone for use under their moisturizer or sunscreen**
- **Appropriate for all skin types, especially dry and dehydrated skin**
- **Available in 1.7 oz. size for retail sale and 4 oz. size for back bar**

HYDRABALANCE

All Acne Types

Recommended Use

Apply all over face and neck, avoiding eye area.

Ingredients

Aqua (Water), Glycerin, Carbomer, Maltodextrin, Phenethyl Alcohol, Caprylyl Glycol, Sodium Hydroxide, Alcohol Denat., Sodium Hyaluronate (L), Aloe Barbadensis Leaf Juice Powder, Potassium Sorbate, Syringa Vulgaris (Lilac) Leaf Cell Culture Extract, Sodium Metabisulfite, Lonicera Japonica (Honeysuckle) Flower Extract, Santalum Austrocaledonicum (Sandalwood) Wood Oil, Trisodium Ethylenediamine Disuccinate, Hamamelis Virginiana (Witch Hazel) Water, Lavandula Angustifolia (Lavender) Oil, Rosa Damascena Flower Oil, Citric Acid, Lonicera Caprifolium (Honeysuckle) Flower Extract, Cananga Odorata (Ylang Ylang) Flower Oil, Chlorophyllin-Copper Complex, Totarol, Acetyl Tributyl Citrate, Alcohol, Cinnamomum Camphora (Camphor) Bark Oil, Citrus Aurantium Dulcis (Orange) Peel Oil*, Phenyl t-Butylnitronone (Spin Trap)

SUN PROTECTION

OVERVIEW: SUN PROTECTION

Sunscreen is a MUST for anyone using active products. Products containing l-mandelic acid, salicylic acid, glycolic acid, vitamin A and benzoyl peroxide makes the skin more sun sensitive.

Consider the client's skin type when choosing which sunscreen is best.

If they have folliculitis or acne rosacea, choose a physical sunscreen like Ultimate Protection SPF 28.

ULTIMATE PROTECTION SPF 28

A physical sunscreen that contains both zinc oxide and titanium dioxide, providing broad spectrum coverage from harmful UVA and UVB rays.

- **Key ingredients include:**
 - **11.6% Zinc Oxide, 0.67% Titanium Dioxide**
 - **Honeysuckle Flower Extract:** Soothing properties
 - **Allantoin:** Soothing, anti-irritant, moisturizing, keratolytic, wound healing
- **Recommended for skin prone to all types of acne, acne rosacea, and folliculitis, and is also an excellent sunscreen to recommend to your clients that are not acne prone**
- **Appropriate for all skin types and leaves a matte finish, making it ideal for oily skin**
- **Because it contains a high percentage of zinc, it can leave a white appearance on skin that is a 4 or higher on the Fitzpatrick scale**
- **Available in 2 oz. size for retail sale**

DAILY SPF 30 LOTION

A lightweight sunscreen making it a good choice for daily wear, even under makeup. It provides both UVA & UVB protection.

- **Key ingredients include:**
 - **Octisalate 4.75%, Oxybenzone 4.25%, Avobenzone 3%, Octocrylene 2.8%**
 - **Green Tea Extract:** Antioxidant, anti-inflammatory, antimicrobial, 5 alpha reductase inhibitor
 - **Allantoin:** Soothing, anti-irritant, moisturizing, keratolytic, wound healing
- **Recommended for skin prone to all types of acne, and is also an excellent sunscreen to recommend to your clients that are not acne prone**
- **Appropriate for all skin types**
- **Does not leave the skin looking pale after applying, even on medium to dark skin tones**
- **Available in 2 oz. size for retail sale and 4 oz. size for back bar use**

Inactive: Acrylates/C12-22 Alkylmethacrylate Copolymer, Alerurites Moliccana Seed (Kukui Nut Oil), Allantoin, Butyloctyl Salicylate, Benzoic Acid, C12-C15 Alkyl Benzoate, Camellia Sinensis (Green Tea) Leaf Extract, Cetearyl Alcohol, Cyclopentasiloxane, Dimethicone, Ethylhexylglycerin, Glycereth-2 Cocoate, Glycerin, Helianthus Annuus (Sunflower) Seed Oil, Macadamia (Nut) Ternifolia Seed Oil, Magnesium Aluminum Silicate, Phenoxyethanol, Polyacrylate Crosspolymer-6, Potassium Cetyl Phosphate, Tetrasodium Edta, Tocopheryl Acetate (Vitamin E Acetate), Tocopherol, Water

EYE CARE

ANTIOXIDANT PEPTIDE EYE GEL

Antioxidant Peptide Eye Gel is infused with antioxidant and skin-strengthening ingredients that diminish the appearance of dark circles, puffiness and fine lines. This nourishing formula stimulates collagen production resulting in smoother, younger looking skin. Appropriate for all skin types.

- **Key ingredients include:**
 - **Matrixyl® Synthe'6™:** a peptide that has wound repairing and collagen remodeling properties
 - **Palmitoyl Tripeptide-1:** stimulates collagen production in the skin
 - **Palmitoyl Tetrapeptide-7:** reduces fine lines, wrinkles, and skin sensitivity
 - **Acetyl Tetrapeptide-5:** reduces puffiness, improves skin elasticity and smoothness, humectant
 - **Green Coffee Seed Extract:** antioxidant, increased circulation
 - **Darutoside™:** soothing, boosts collagen production
 - **N-Hydroxysuccinimide:** reduces dark circles
 - **Glycosaminoglycans:** collagen boosting
- **Because it is a water-based gel, it can be worn at the same time as Acne med without irritation to the eye area.**
- **Recommended for clients with skin prone to acne and clients with skin that is not acne-prone.**
- **Available in 12mL size for retail sale.**

MASKS

SOOTHING CLAY MASK

This detoxifying mask helps absorb excess sebum, reduces shine, and draws out impurities from the skin. Unlike many other clay masks, this mask does not dry down completely on the skin, making it is easy to remove.

- **Key ingredients include:**
 - **Bentonite:** mineral rich natural clay, absorbs excess oil and reduces surface shine, has soothing and healing benefits
 - **Kaolin:** absorbs sebum, remove impurities from the skin
 - **Illite:** French clay that detoxifies the skin, draws out impurities, and contains antibacterial properties
 - **Charcoal powder:** absorbs excess oil and has detoxifying properties
- **Recommended for normal and oily skin types**
- **Can be used by acne clients while in the process of clearing their skin and after their skin is clear**
- **It can also be recommended to clients with skin that is not acne-prone**
- **Available in 2.5 oz. size for retail sale**

BRIGHTEN-C MASK

This multi-faceted facial mask is bursting with specialty ingredients that improve skin clarity and brighten the overall complexion. It has antioxidant properties, reduces the appearance of hyperpigmentation, and prevents future dark spots through inhibiting melanin formation.

- **Key ingredients include:**
 - **L-Ascorbic Acid:** Antioxidant, brightening
 - **Nonapeptide-1:** prevents melanin synthesis, tyrosinase inhibitor
 - **Brightenyl®:** blocks the melanogenesis process to help control darkening of skin & reduce pigmented spots, helps prevent inflammation & controls skin redness
 - **Sepiwhite™:** patented lightening molecule, more effective than tested reference molecules of hydroquinone, arbutin, kojic acid, magnesium ascorbyl phosphate
 - **Rumex Occidentalis Extract:** lightening, safe alternative to Hydroquinone
- **Recommended for all skin types**
- **Can be used for a radiance boost by acne clients while in the process of clearing their skin and after their skin is clear**
- **It can also be recommended to clients with skin that is not acne-prone**
- **Available in 2.5 oz. size for retail sale**

PEELS & ENZYME TREATMENT

OVERVIEW: CHEMICAL PEELS

The Face Reality Family of Peels contain a combination of exfoliating and brightening acids which are ideal for acne prone, hyperpigmented, and aging skin. They are formulated to provide a corrective treatment without excessive irritation or dehydration.

The Acne Peels are self-neutralizing and should never be washed off. Because the peels contain TCA (Trichloroacetic Acid), they should not be used on clients that are pregnant or nursing.

The 20% Lactic Peel is not self-neutralizing and needs to be completely removed.

See the Chemical Peel treatment protocols for detailed usage instructions for each type of peel.

20% LACTIC PEEL

20% Lactic peel combines L-lactic acid with a powerful mix of specialty ingredients to address hyperpigmentation, inflammation, and fine lines. This peel is used to gently exfoliate acne-prone, hyperpigmented, and aging skin without excessive irritation or dehydration. It may cause mild flaking of the skin.

- **Key ingredients include:**
 - **20% L-Lactic Acid:** Alpha hydroxy acid that is hydrating, exfoliating, and reduces hyperpigmentation
 - **Brightenyl®:** blocks melanogenesis process to help control darkening of skin & reduce pigmented spots, helps prevent inflammation & controls skin redness
 - **Azeloglicina®:** an improved derivative of azelaic acid that is hydrating, improves the appearance of hyperpigmentation, and is shown to be beneficial for rosacea
 - **Kojic Acid:** Inhibits melanin production by inhibiting tyrosinase, provides gradual and continual skin lightening to relieve skin discolorations
 - **PerfectionPeptide P3:** reduces fine lines and uneven pigmentation, activates skin cell regeneration, improves smoothness, clarity, and radiance
 - **Exfolactive®:** Aids in desquamation, reduces appearance of fine lines
 - **PhytoCellTec Symphytum™:** Derived from comfrey root, increases skin renewal and smoothing, inhibits age-related thinning of the epidermis
- **Recommended for all skin types and skin prone to all types of acne and hyperpigmentation**
- **An excellent choice for anti-aging treatments**
- **Safe for pregnant and nursing clients, but always direct those clients to seek permission from their doctor before using.**
- **Available in 2 oz. size for back bar use**

Recommended Use

Apply a thin layer on clean skin with a small fan brush, avoiding the eye and lip area. Leave for 3 to 5 minutes as tolerated. Use a small fan to reduce any stinging or irritation. Remove completely with a cool, wet towel. Rinse as needed.

Ingredients

Aqua (Water), Lactic Acid (L), Glycerin, Polyacrylate Crosspolymer-6, Isomalt, Phenoxyethanol, Benzyl Alcohol, Potassium Azeloyl Diglycinate, Kojic Acid, Sodium Gluconate, Caprylhydroxamic Acid, Lecithin, Ethylhexylglycerin, Hydrolyzed Opuntia Ficus-Indica Flower Extract, Diglucosyl Gallic Acid, Symphytum Officinale Callus Culture Extract, Hexanoyl Dipeptide-3 Norleucine Acetate

ACNE PEEL # 1

This self-neutralizing peel contains a combination of 5% TCA, 5% L-Mandelic acid, and 5% L-Lactic acid with a powerful mix of specialty ingredients to address hyperpigmentation, inflammation, and fine lines. It gently exfoliates acne prone, hyperpigmented, and aging skin without excessive irritation or dehydration. It may cause mild flaking of the skin.

- **Key ingredients include:**
 - **TCA (Trichloroacetic Acid):** Exfoliates the outer layers of skin to reduce acne, signs of aging, fine lines, and uneven pigmentation
 - **L-Mandelic Acid:** Alpha hydroxy acid that has anti-inflammatory, antibacterial, and anti-fungal properties, and improves the appearance of pigmentation
 - **L-Lactic Acid:** Alpha hydroxy acid that is hydrating, exfoliating, and reduces pigmentation
 - **Kojic Acid:** Inhibits melanin production by inhibiting tyrosinase, provides gradual and continual skin lightening to relieve skin discolorations
 - **Brightenyl®:** blocks melanogenesis process to help control darkening of skin & reduce pigmented spots, helps prevent inflammation & controls skin redness
 - **Azeloglicina®:** an improved derivative of azelaic acid that is hydrating, improves the appearance of hyperpigmentation, and is shown to be beneficial for rosacea
- **Recommended for all skin types and skin prone to all types of acne and hyperpigmentation**
- **An excellent choice for anti-aging treatments**
- **Do not use on clients that are pregnant or nursing**
- **Available in 2 oz. size and 4 oz. size for back bar use**

ACNE PEEL # 3

This self-neutralizing peel contains a combination of 10% TCA, 5% L-Mandelic acid, and 5% L-Lactic acid with a powerful mix of specialty ingredients to address hyperpigmentation, inflammation, and fine lines. It gently exfoliates acne prone, hyperpigmented, and aging skin without excessive irritation or dehydration. It may cause mild flaking of the skin.

- **Key ingredients include:**
 - **TCA (Trichloroacetic Acid):** Exfoliates the outer layers of skin to reduce acne, signs of aging, fine lines, and uneven pigmentation
 - **Mandelic Acid:** Alpha hydroxy acid that has anti-inflammatory, antibacterial, and anti-fungal properties, and improves the appearance of pigmentation
 - **Lactic Acid:** Alpha hydroxy acid that is hydrating, exfoliating, and reduces pigmentation
 - **Kojic Acid:** Inhibits melanin production by inhibiting tyrosinase, provides gradual and continual skin lightening to relieve skin discolorations
 - **Brightenyl®:** blocks melanogenesis process to help control darkening of skin & reduce pigmented spots, helps prevent inflammation & controls skin redness
 - **Azeloglicina®:** an improved derivative of azelaic acid that is hydrating, improves the appearance of hyperpigmentation, and is shown to be beneficial for rosacea
- **Recommended for all skin types and skin prone to all types of acne and hyperpigmentation**
- **An excellent choice for anti-aging treatments**
- **Use when a client no longer feels tingling with Acne Peel # 2**
- **Do not use on clients that are pregnant or nursing**
- **Available in 2 oz. size and 4 oz. size for back bar use**

ACNE PEEL # 3

Skin Types

All Skin Types

Skin Conditions

All Acne Types
Folliculitis
Hyperpigmentation
Aging Skin

Recommended Use

Apply with a 4 x 4 cotton wipe as directed. Do not wash off or apply a neutralizing solution. Use a small fan to reduce any stinging or irritation.

Ingredients

Aqua (Water), Alcohol Denat., Trichloroacetic Acid, Glycerin, Mandelic Acid (L), Lactic Acid (L), Phenoxyethanol, Kojic Acid, Sodium Lactate, Benzyl Alcohol, Sodium PCA, Potassium Azeloyl Diglycinate, Sodium Gluconate, Caprylhydroxamic Acid, Ethylhexylglycerin, Sorbitol, Proline (L), Gluconolactone, Sodium Benzoate, Diglycosyl Gallic Acid, Sodium Hyaluronate (L)

ACNE BACK PEEL

This self-neutralizing peel contains a combination of 12% TCA, 10% L-Mandelic acid, and 10% L-Lactic acid with a powerful mix of specialty ingredients to address hyperpigmentation, inflammation, and fine lines. It gently exfoliates acne prone, hyperpigmented, and aging skin without excessive irritation or dehydration. It may cause mild flaking of the skin.

- **Key ingredients include:**
 - **TCA (Trichloroacetic Acid):** Exfoliates the outer layers of skin to reduce acne, signs of aging, fine lines, and uneven pigmentation
 - **Mandelic Acid:** Alpha hydroxy acid that has anti-inflammatory, antibacterial, and anti-fungal properties, and improves the appearance of pigmentation
 - **Lactic Acid:** Alpha hydroxy acid that is hydrating, exfoliating, and reduces pigmentation
 - **Kojic Acid:** Inhibits melanin production by inhibiting tyrosinase, provides gradual and continual skin lightening to relieve skin discolorations
 - **Brightenyl®:** blocks melanogenesis process to help control darkening of skin & reduce pigmented spots, helps prevent inflammation & controls skin redness
 - **Azeloglicina®:** an improved derivative of azelaic acid that is hydrating, improves the appearance of hyperpigmentation, and is shown to be beneficial for rosacea
- **Recommended for all skin types and skin prone to all types of acne and hyperpigmentation on the back**
- **Do not use on clients that are pregnant or nursing**
- **Available in 2 oz. size for back bar use**

OVERVIEW: ENZYME PRODUCTS

- **Skin that is dry and dehydrated**
- **When a Face Reality chemical peel is contraindicated**

See the Acne Hydrating Treatment protocol for detailed usage instructions.

HYDRATING ENZYME MASK

The all-new Hydrating Enzyme Mask is a non-acid natural peeling mask that contains a highly effective combination Papaya Enzyme and soothing ingredients to adequately exfoliate skin while promoting deep moisturization. Papaya Enzymes provide immediate results by digesting dead skin cells and keratin proteins, softening and loosening lesions.

This mask is to be used during the Acne Hydrating Treatment. It is appropriate for all skin types, especially dry, dehydrated, and sensitive skin—the ideal solution for clients who cannot withstand a chemical peel. Available in 8 oz. size for back bar use.

- **Key Ingredients include:**

- **Papain:** an enzyme derived from papaya that helps digest keratin proteins to aid in exfoliation and contains anti-inflammatory properties
- **Papaya Fruit Extract:** an antioxidant that is high in Vitamin C and beta-carotene
- **Squalane:** contains moisturizing and protective properties, helps boost skin's ability to retain moisture
- **Allantoin:** promotes healthy cell renewal, contains soothing and moisturizing properties
- **Bisabolol:** contains anti-inflammatory, soothing and healing properties
- **Fensebiome™:** a heptapeptide that helps promote microbiota balance and diversity, helps boost the skin's own defense system by favoring the presence of beneficial bacteria, improving the skin immune response and the physical barrier integrity

- **Can be used with or without steam**

ENZYME MASK

Skin Types

Dry Skin
Dehydrated Skin

Skin Conditions

All Acne Types
Non Acne Types

Recommended Use

After cleansing apply a thin layer with a fan or mask brush. *Use with or without steam.* Leave on for 7 to 10 minutes (5 for inflamed) as tolerated. Remove with a warm steam towel.
